Critical Illness insurance pays cash benefits that you can use however you need.

While a major medical plan may pay for a good portion of the costs associated with a critical illness, there are a lot of expenses that may not be covered. And during recovery, having to worry about out-of-pocket expenses is the last thing anyone needs.

What you need, when you need it.

Aflac's Critical Illness Insurance provides you with cash benefits, giving you the flexibility to help pay bills related to treatment or to help with expected or unexpected expenses. What is a critical illness? Here are some examples:

- Heart Attack
- Stroke
- Kidney Failure
- Bone Marrow Transplant
- Major Organ Transplant
- Type 1 Diabetes
- Coma
- Paralysis
- Loss of Sight, Hearing or Speech
- And more

This plan includes a Health Screening Benefit, payable once per calendar year for each insured employee, spouse, and dependent child(ren). For employees & spouse, the health screening benefit is \$100. For Children, it is 100% of the Health Screening Amount.
