## How Can You Save?

We find all the medication options for your conditions. You and your doctor decide what's best for your health and budget. Here are just a few ways you might be able to save money:

- Generic forms of name-brand drugs
- Better prices at different pharmacies or mail-order
- Equally effective medications that treat the same condition but cost less than your current prescription

## Real People. Real Savings.

“My new medication works just the same, and **my savings (\$1,397 per fill) wouldn't have been possible without your help.** Thanks, Rx Savings Solutions.”
